

Smart Battery® 12V Lithium Ion Batteries are designed as a "Drop In Replacement" from Lead, AGM or Gel Batteries

WORLDS FIRST HIGH PRODUCTION 12V LITHIUM ION BATTERIES

POWERED BY LITHIUM™

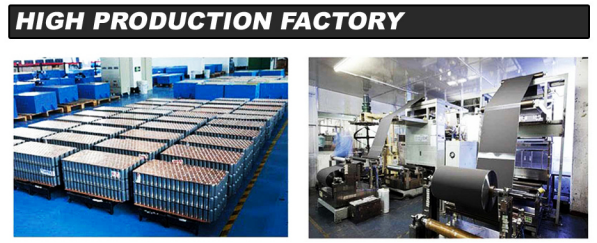

**SMART BATTERY® LITHIUM ION TECHNOLOGY**

- 70% LIGHTER
- 3000 - 5000 CYCLES
- 10X LONGER LIFE THAN LEAD
- 100% GREEN - ROHS COMPLIANT
- FULLY AUTOMATIC BUILT IN BATTERY PROTECTION (BMS)
- 99% EFFICIENT - VIRTUALLY NO POWER LOSS
- SAFEST TECHNOLOGY (LiFePO4)
- DROP IN REPLACEMENT FOR ANY SIZE SLA BATTERY
- HIGHER POWER FOR STARTING / DEEP CYCLE
- HEAR AND FEEL STRONGER STARTS
- CONNECT IN SERIES OR IN PARALLEL

**WHY CHOOSE SMART BATTERY®**

Smart Battery® Lithium Ion Batteries have a built in PCB board that will internally disconnect to provide protection from Under / Over Discharging, Short Circuit Protection, Reverse Polarity and other advanced safety features.

BATTERY OF CHOICE FOR HUNDREDS OF MANUFACTURERS  
 WORLDWIDE DISTRIBUTION  
 DROP IN REPLACEMENT FOR ANY APPLICATION  
 HIGH PRODUCTION - BEST RELIABILITY AND LOWEST COST

Smart Battery® Setting The Standard For Automotive Lithium Ion Batteries

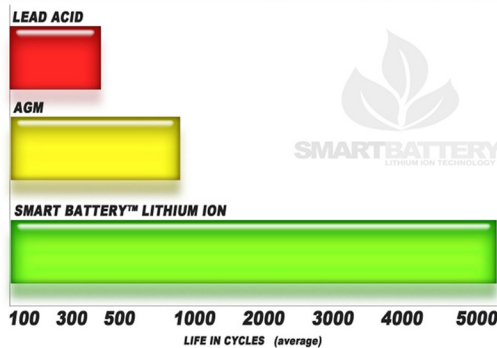

**COST SAVINGS**

LEAD ACID      LITHIUM ION

Life Span (in daily cycles)	300	5000
Amp Hours	110	100
Cost	\$339.71	\$1,299.99
Batteries needed x 10 Years	11	
Total cost for 10 years spend	\$3,736.81	\$1,299.99
Total Savings	\$0.00	\$2,436.82
